December 2022

Empowering African Nation towards the Implementation of the SDG's

Foreword

Canadian Institute of Technology, Entrepreneurship & Management is partnering with the United Nations to empower African Nations towards the successful implementation of the Sustainable Development Goals (SDGs).

As a result of colonization and injustice, African Nations are at a disadvantage in terms of Industrialization and development. To speed up the process of industrialization and development, it is imperative to fashion out a project for actualization.

CITEM through this project will be collaborating with the United Nations to provide the following:

- Consultancy
- Training & Mentoring
- Education, Research & Development
- Advocacy

The project is divided into three phases:

Phase 1 - 2023 to 2025

Phase 2 - 2026 to 2028

Phase 3 - 2029 to 2030

Regards

DR. OLUFEMI ADEGUN (PRESIDENT)
